SCOPE OF PERFORMANCE

**Consulting:** With in-depth know-how, we optimise the supply chains of our customers and ensure smooth transport chains. Precise planning, organisation and implementation of transport services for the **retail sector**.

**Implementation:** Our JCL logistics systems in the areas **Road, Rail, Air & Ocean** and **JCL Plus<sup>+</sup> – contract logistics & warehouse management** offer tailor-made customer solutions. With our JCL industry solutions, we handle **goods at national and international level** and at the same time also offer access to our global network. With all consignments transported by truck, highly modern vehicles are used that are characterised by low consumption and **low emissions** (EURO 6).

**Operation:** Strategic transport solutions and well-thought-through IT system connection and extension.

**With our individual logistics solutions and our tailor-made customer solutions**

we create:

- Transparency in the value chain
- Cost efficiency
- "Just in time" deliveries

## JCL RETAIL – SPECIALISED AND INDIVIDUAL

**Customised transport solutions:** In accordance with the constantly growing market requirements of **speed, flexibility and efficiency** that the retail industry places on today's logistics, JCL has developed a **flexible supply chain management system** in order to be able to react at any time and immediately to the market. For us, logistics in the retail sector with its segments such as **Fashion, Furniture, Electronics and High-Tech means optimising, completing and supplementing your product and your supply chain** through proactive overall concepts in order to thus create an **additional value** for you.

**Services:** **Flexible warehouse concepts and solutions** for your products and requirements – **we offer both warehouse logistics and distribution** as well as **inventory management, picking and packing**. For **different requirements** of the individual sectors, with our comprehensive **value added services, we provide individual services such as repackaging, labelling, inventory management, returns handling and repeat orders**.

**Cost-efficient transport solutions:** Long-standing and satisfied customers are in the interest of JCL Logistics. An open communication of all variable criteria of an order and a joint planning facilitate time-saving logistics solutions in favour of cost efficiency – your requirements and our reliability are the most important criteria for us. **"WE TREAT OUR CUSTOMER'S MONEY AS IF IT WAS OUR OWN"**

**JCL is certified according to the following standards:** **ISO 9001** (quality management), **ISO 14001** (environmental management), **ISO 18001** (occupational safety and health protection), **SQAS** (safety and quality assessment), **AEO** (Authorised Economic Operator).

**Customs clearance:** We are highly familiar with customs clearance processes with **cross-border consignments**. **We deal with all the administrative tasks** that occur and handle **customs clearance** in a professional manner.

**JCL – Green Logistics:** We constantly strive to create **sustainable, environmentally friendly and resource-efficient logistics processes**. Our goal is to create both an **economic as well as an ecological balance** in order to acquire long-term company value – **CO<sub>2</sub> record**.
